Secretary: R. W. Morrell, F.G.S.  
Minutes Secretary: Mrs. D. M. Morrow  
Treasurer: E. Taylor  
Editor: W. A. S. Sarjeant, B.Sc., Ph.D., F.G.S., Mem. Soc. Géol. Fr.

Other Members:

R. E. Elliott, B.Sc., F.G.S.  
T. D. Ford, B.Sc., Ph.D., F.G.S.  
P. M. Hanford  
P. H. Speed, F.G.S.  
F. M. Taylor, B.Sc., Ph.D., F.G.S.  
R. J. A. Travis  
L. J. Willies

Address for correspondence: The Secretary,  
East Midlands Geological Society,  
443, Meadow Lane,  
Nottingham

The Cover: Bunter Sandstone, Hemlock Stone, Bramcote, Notts.  
Photomicrograph showing subangular and subrounded quartz grains, up to about one millimetre in diameter, set in a barytes cement. The large dark grain (top left) is a fragment of an acid volcanic rock, stained with haematite.
